

Hello! I'm Zakharenko Valerij

I am passionate about programming at all and especially about web programming. I am a skilled back-end developer with some experience in front-end. I am meticulous about cleanliness of the code. I am a quick learner and a team worker that gets the job done. Dreaming about project in field of music to combine both my most biggest interests.

Github: <https://github.com/ikonvpalto>

Main stack: **ASP.NET Core web app with docker support**

React.js

Node.js

bash

PostgreSQL

RabbitMQ

My experience

Fullstack developer

Company (2 years)

I took part in developing of three web applications: google website, other cool site for real estate. One of them created as ASP.NET Core web API with SPA front-end on the React.js, other one - monolith ASP.NET Core apps with Razor pages and Vue.js front-end.

Fullstack developer

Other company (11 months)

I took part in developing of three web applications: google website, other cool site for real estate. One of them created as ASP.NET Core web API with SPA front-end on the React.js, other one - monolith ASP.NET Core apps with Razor pages and Vue.js front-end.

Testimonials
